

## H2H Network COVID-19 II SUPPORT PACKAGE

Support global yet local efforts to fight the pandemic, focus on countries and/or regions with weaker health systems

The H2H Network consists of independent service providers who provide expert services for responders in and during an emergency. The services are intended to be accessible to all responders. Below you can see who is providing what services, as well as contacts per organisation.  
For other H2H Network service requests, contact [info@h2hworks.org](mailto:info@h2hworks.org)

Who	What and Where?	Contact them if you want:	Watch for...	Contact
ACAPS*	Provide global and context specific analysis for the humanitarian sector to guide the scale-up and reorientation of humanitarian action in response to the pandemic	Analysis on how Covid-19 is reshaping humanitarian outcomes.	Data sets and information products related to government measures, humanitarian access, secondary impacts and more: <a href="https://www.acaps.org/projects/covid19-0">https://www.acaps.org/projects/covid19-0</a>	Joel Kaiser <a href="mailto:jk@acaps.org">jk@acaps.org</a>
ATLAS*	Optimise efficiency of the humanitarian supply chain in Kinshasa and North Kivu	Logistics vulnerabilities and environment analyses for Kinshasa and North Kivu	Mapping & analyses of the humanitarian response and its needs in terms of supply chain through the study of the humanitarian flux. Mapping & analyses of the logistics vulnerability of the areas.	<a href="mailto:j.rigard@hi.org">j.rigard@hi.org</a> <a href="mailto:o.bertrand@hi.org">o.bertrand@hi.org</a>
CartONG*	Improve the impact and quality of the Covid-19 response (for ongoing and new projects) by answering humanitarian agencies' needs in terms of adapting their IM and M&E activities	To adapt data collection and M&E activities to social distancing/movement limitations. To contribute to a polled documentation & learnings on adaptations of M&E during the current crisis.	Openly accessible guidance (technical briefs, tutorials, tech watch findings, case studies and lessons learned) and remote support (webinars, coaching sessions, and a hotline).	<a href="mailto:m_defrance@cartong.org">m_defrance@cartong.org</a> <a href="mailto:m_noblecourt@cartong.org">m_noblecourt@cartong.org</a>
CDAC*	Strengthen CCEA in Zimbabwe and Sudan through improved coordination, providing technical support to existing CCEA National Platforms.	Health messaging related to Covid-19, relevant to humanitarian settings, grounded on a strong evidence base.	Key CEA lessons from previous pandemics (and previous infectious disease outbreaks), including drawing from countries that have already reached the peak in the current Covid-19 response	<a href="mailto:marian.casey-maslen@cdacnetwork.org">marian.casey-maslen@cdacnetwork.org</a> ; <a href="mailto:murray.garrard@cdacnetwork.org">murray.garrard@cdacnetwork.org</a>
Evidence Aid*	Library of collated, summarised and up-to-date research on the effectiveness of interventions to treat, manage and mitigate the impact of Covid-19	Robust research, freely available in one place, summarised especially for policy-makers and practitioners. To share research that you would like to be considered for the library.	See openly accessible database of relevant research: <a href="https://www.evidenceaid.org/coronavirus-resources/">https://www.evidenceaid.org/coronavirus-resources/</a> Regularly updated and provided in 6 languages	<a href="mailto:bhtaylor@evidenceaid.org">bhtaylor@evidenceaid.org</a>
Fondation Hirondelle*	Information and news produced on the Covid-19 and its consequences in Sierra Leone, Guinea and Uganda.	Access to national audiences through local network of media partners (radio stations and social media).	Productions of news and information in local languages; Access in the remotest and under-served areas of each country	<a href="mailto:max.morel@hirondelle.org">max.morel@hirondelle.org</a> <a href="mailto:caroline.vuillemin@hirondelle.org">caroline.vuillemin@hirondelle.org</a>
Ground Truth Solutions*	Phone outreach, surveys, key informant interviews, tracking decisions of health care workers and local decision makers in Bangladesh, Syria and Uganda	A periodic snapshot of areas impacted by pandemic; To partner in order to triangulate data at a global level to fit into the coordination structures of IFRC, OCHA and others.	Related advocacy products and periodic snapshots of areas impacted by Covid-19	<a href="mailto:meg@groundtruthsolutions.org">meg@groundtruthsolutions.org</a>
Humanitarian Academy for Development*	Mentor & coach local NGOs in Iraq, Syria and Yemen: capacity building for organisational adjustment & Covid-19 response.	To collaborate with local NGOs in Iraq, Syria and Yemen, to share online resources with local NGOs and/or work with local organisations in MENA region.		<a href="mailto:magdalena.lukowska@had-int.org">magdalena.lukowska@had-int.org</a>
Humanitarian OpenStreetMap Team*	Match unmet data needs from government and NGOs with local experts and supporting the design and execution of targeted data collection efforts.	Assistance on use, collection, analysis and integration of open data (specifically geospatial and OpenStreetMap) in Covid-19 response. Liberia, Malawi, Botswana, Peru, Uganda, the Philippines, and Tanzania	Open datasets shared on <a href="https://data.humdata.org/organization/hot_updates_on_overall_response_status_on_https://www.hotosm.org/">https://data.humdata.org/organization/hot_updates_on_overall_response_status_on https://www.hotosm.org/</a>	<a href="mailto:paul.uithol@hotosm.org">paul.uithol@hotosm.org</a>
Insecurity Insight*	Monitor of Covid-19 related aid security events to help aid agencies adjust their security risk strategies and to highlight the specific risks faced by mainly local health workers.	Follow the changing trends or discuss any specific recommendations related to the adjustment of security risk strategies or recommendations of how local health workers can be better protected through practical measures.	Regular bulletins and our mobile guide.	<a href="mailto:christina.wille@insecurityinsight.org">christina.wille@insecurityinsight.org</a>
MapAction*	Provide geospatial, data and IM support to those agencies who are key to effective Covid-19 response amongst the world's most vulnerable communities.	Support with mapping, visualising, analysing or collecting data. This might be technical advice on mapping, data visualisation including dashboards) or spatial analysis in emergencies. We offer both consultancy and hands-on project delivery.	Examples of map and data products and how to create them, collaboration opportunities, evolution of our service offer as the Covid-19 situation evolves.	<a href="https://mapaction.atlassian.net/servicedesk/customer/portal/3">https://mapaction.atlassian.net/servicedesk/customer/portal/3</a>
RedR UK*	Remote Online Facilitated Training for the MENA region	Training in culturally appropriate hygiene promotion, community engagement with affected populations, managing rumours and myths, gender, age and disability considerations in Covid-19 response, mental health and psychosocial support, training of trainers.	Follow us on social media to benefit from training available under this and other programs.	<a href="mailto:Keti.Khursia@redr.org.uk">Keti.Khursia@redr.org.uk</a>
SPHERE*	Build the capacity of humanitarian actors on relevant humanitarian standards for the Covid-19 response.	Guidance on Sphere and other humanitarian standards and their application. In partnership with the CHS Alliance, the HSP, Arbeiter Samariter-Bund (ASB) and local partners.	Regional webinars and a global webinar & webinar recordings. Case studies. Video compilation of key messages.	<a href="mailto:barbara.sartore@spherestandards.org">barbara.sartore@spherestandards.org</a>
The New Humanitarian*	Provide accurate, fact-based information about the Covid-19 pandemic, including evolving needs on the ground and the changing humanitarian response.	Free newsletters (select coronavirus updates under topical news): <a href="https://www.thenewhumanitarian.org/subscribe">https://www.thenewhumanitarian.org/subscribe</a>	New articles: <a href="https://www.thenewhumanitarian.org/health/coronavirus">https://www.thenewhumanitarian.org/health/coronavirus</a>	<a href="mailto:josephine@thenewhumanitarian.org">josephine@thenewhumanitarian.org</a> <a href="mailto:emmeline@thenewhumanitarian.org">emmeline@thenewhumanitarian.org</a>

\*Funded through H2H Fund, which is supported by UK aid from the UK government
